

Grihapravesht Buildteck partners Radius for Noida housing project

New Delhi : Grihapravesht Buildteck Pvt Ltd, a real estate developer with a futuristic housing project in Sec-77, Noida, today announced it has tied up with Radius Group. Radius Group is a pioneer of Machine-to-Machine Communication (M2M) that puts the basic building blocks equipped with energy-harvesting sensors and connected systems to enable a home or office to become more intelligent leading to the future Smart City and is an ideal fit for developing townships and estates where long range foresight and planning are required.

This being Grihapravesht's first residential project in the National Capital Region, the Company has left no stone unturned to deliver the very best by ensuring extra value and additional amenities for customers.

In consonance with the group's tradition of offering 'more' to customers, apart from its premium amenities, it will pamper customers with innovative and novel fea-
